market Thursday, and the prices of the various edibles, without a single exception, remained unchanged. Business was rather slack, too, and the dealers spent considerable time in arranging their stalls.

A number of Utah vegetables may now be seen on the stand, and it is expected that within a few weeks the California shipments will almost cease, and the home products substituted. When the

# NEW LOW RECORDS FOR WHEAT OPTIONS MARKED

## July and September Deliveries Unusually Weak, Owing to Favorable Crop Report.

CHICAGO, April 9.—The wheat market opened irregularly, the May option 1¢ higher, and the distant deliveries weaker. Buying of May by elevator interests was a feature of yesterday's trade again in evidence early today, and the market firm until about noon, and September were weak all day because of favorable reports regarding the outlook for the fall sown crop. The price of the options steadily declined and new record marks were made in both deliveries. The bottom price for July was 82¢ and for September 82½¢. In the final hour the May option became weak in sympathy with the months. The market closed weak. May opened 4¢ lower to 4¢ high at 91½¢91½¢, advanced to 92¢92½¢, and then declined to 91½¢89½¢. The close at 89½¢.

The corn market was strong for greater part of the day. Small receipts of corn in the belt and the demand for cash grain were the strengthening influences. The market weakened somewhat late in the day because of the severe break in wheat. Closing prices: No. 2 white, 67¢; No. 2 yellow, 67¢; No. 2 red, 67¢; No. 2 hard, 67¢; No. 2 soft, 67¢; No. 2 mixed, 67¢; No. 2 white, 67¢; No. 2 yellow, 67¢; No. 2 red, 67¢; No. 2 hard, 67¢; No. 2 soft, 67¢; No. 2 mixed, 67¢.

	Provisions were inclined to be weak and irregularly packed; but prices did not change little. At the close May was offered at \$3.74. Lard was offered at \$3.74.
